

OPEN PLAY ROTATION

PicklePal · everyone plays, nobody argues

Games to: _____

- 1 Rack your paddle, in order**
The rack is the line. No saving spots, no cutting — pairs may rack together, foursomes may not.
- 2 Four off**
When a game ends, all four players come off and rack at the back. The next four paddles take the court.
- 3 Play the level on the sign**
If a court is labelled by level, respect the label. Not sure where you fit? Ask — someone will place you.
- 4 Keep games moving**
Play to 11, win by 2 — hard cap when people are waiting. No second game while a full rack waits.
- 5 Step out, start over**
Leave the line and your paddle comes out. When you come back, rack at the back.
- 6 Call it fair**
Players call their own lines; any honest disagreement is a replay. Shout “ball on!” the moment a ball rolls toward another court.
